

A Call to Conscience & Action!

The U.S. government's swine flu mass vaccination plan is going full steam ahead this October, a few short weeks away. This will cause huge injuries and fatalities because these "secretive" vaccines contain active viral material, mercury, aluminum and other lethal chemicals. In addition, the vaccines have not been properly tested, which makes them experimental — thereby, making each citizen an "experimental subject."

There is critical information each person needs to know about this health crisis. If you have not already done so, please view the interview I conducted with Dr. Abdul Alim Muhammad, available on YouTube

(http://www.youtube.com/watch?v=pjgaCMz4W_U), which you can also access through my website:

<http://www.kamuhammad.net>. Equally as important is for you to join our national campaign against swine flu mass vaccination. You can learn more about this by visiting the same website (<http://www.kamuhammad.net>.)

We are asking every person to be proactive in disseminating this life-saving information within our communities — among family, friends and neighbors. Here are a few ways you can do this:

1. Send a link of the YouTube video of my interview with Dr. Abdul Alim Muhammad to everyone you know.
2. Order the DVD of this interview, and then hold meetings (gather people) to watch the DVD. Begin with your families, friends and neighbors. (<http://www.kamuhammad.net>)
3. Order the "anti swine flu vaccination" door-hangers and fliers to distribute within your communities, to alert everyone about the dangerous chemicals in these "secretive" vaccines. (<http://www.kamuhammad.net>)
4. Download and distribute the Abundant Life Health Attainment Center's Influenza Prevention and Treatment Protocols (Issued by Dr. Abdul Alim Muhammad) (<http://www.kamuhammad.net>)
5. Order the two books on vaccination: Against Compulsory Vaccination (Vol. 1) and The Case Against Hepatitis B Vaccination. (<http://www.kamuhammad.net>)

I am hopeful that everyone is taking this swine flu crisis very seriously. It is quickly becoming the worst health crisis that the world has ever faced, due to the diabolical intent of the evil people who control many governments.

May Almighty God aid us in this Noble and Necessary Quest.

Peace

I am Your Brother and Servant

Kevin A. Muhammad
